**Pet Request Form:**

No pet shall be kept on the Premises without written consent, for any period of time whatsoever. If any unapproved pet is on the Premises for even one minute this will meet the definition of "kept on the Premises" and will result in the loss of the entire deposit and two dollars (\$2.00) per day per pet will be charged back to inception of the lease. Written consent for pets on Premises will be at Lessor's discretion and if approved will require an increase in rent. Lessee agrees to pay any additional damage charges relatable to the pet as well as unrelated damage charges.
